## How to play?

At least 2 players, a child and an older child or adult, are required for the game. The cards contain questions and challenges. At least 2 players answer the questions, and all players take part in the challenges.

## Who can play?

Activities will be most fun for kids aged 7 to 11, but anyone who is up for some play and laughter is welcome. Older players can be parents, grandparents, aunts, uncles, older brothers and sisters or any other person the child feels close to.

## How to choose an activity?

Mix up the cards and pick one, or select a number between 1 and 55 and see which activity is waiting for you.

## Rules

1) There are no right or wrong answers. Every idea is a good one. 2) Drawings, stories and crafts don't have to be perfect. We are making them for fun! 3) A little mess is OK. The important thing is that no one's feelings are hurt, no one is injured and nothing is damaged.
